CROSS COUNTRY INVITATIONAL RESULTS-

VOL. XXIX No. 3

for invitationals ending 9/11/04

THE RATINGS::: This is the first set of ranking for the 2004 season. Coaches- the ranking are based on invitationals. Each week we send a letter to all of the week's invitationals requesting results. Points are awarded according to a teams finish in the invitational; 10 points for first, 9 for second and so on. Some invitational are weighted because of the large field and there is a minimun number of teams required.

The ratings are starting a week earlier that previous years. There are over 50 invitationalls by Labor Day and season started a week earlier. With these two conditions we felt we could make a reasonable attempt at ranking the teams. As with the first ranking each year, it is hard to determine the top 10 without using information from the previous season. As season continues and everybody gets into competition things begin to shake out. The girl's panel did not feel they could begin the girl's rankings this week. They will start next week.

All of the ranking are based on a team's performance in invitationals. We need to make sure we receive all of the invitational results.

The numbers in parentheses indicates the first place coach's votes/first place in invitationals. The final number is the total number of points for the school, including coaches votes and invitational points. The invitational points are cumulative over the entire season, to a maximum of seven. The coaches vote each week.
