

CROSS COUNTRY INVITATIONAL RESULTS

VOL: XXXII No. 4

for invitationals ending 9/15/07

THE RATINGS::: This is the regular season rankings for the 2007 Season. We do not begin the rankings until this week as many teams do not begin competition until after Labor Day. The first week for the ranking is always hard as many teams have had limited competition. The ranking are based on invitationals only! Ask meet managers to get us the results. We need to have results my Monday in order to make that week's issue. We have had good support from meet managers getting us the results. If you do not see a meet listed here please send us the results

The boy's rankings have points awarded according to a teams finish in the invitational, 10 points for first, 9 for second and so on. Some invitationals are weighted because of the large field and there is a minimum number of teams required. The numbers in parentheses indicates the first place coach's votes/first place(s) in invitationals. The final number is the total number of points for the school, including coaches votes and invitational points. The invitational points are cumulative over the entire season, to a maximum of seven. The coaches vote each week.
