June 22, 2019 was the 13th year of the race that again had another new race site with a last minute change back to Union High School for a double loop around the big block that seemed easy at first but the up hill at the start of the second loop seemed to crush competitors. Pat Dancey F-77 up-ended all competitors with a great time of 12:55 handicap time! Pat held off a fast charging Jill Evers f-52 who placed another second place in her cap. The under 20 year olds seem to dominate most of the top 20 spots. Great Weather today and sweet trophies and treats!!! Great Job Everyone and we will see you next year.
